Notice regarding Recording of Non-operating Expense (Foreign Exchange Loss)

ispace, inc. hereby announces the recording of non-operating expense (foreign exchange loss) for the first quarter of the fiscal year ending March 31, 2026 (from April 1, 2025 to June 30, 2025) as follows.

1. Details of non-operating expense (foreign exchange loss)

In the first quarter of the fiscal year ending March 31, 2026 (from April 1, 2025 to June 30, 2025), a foreign exchange loss of 304 million yen was recorded in non-operating expense. The above amount is mainly attributable to the revaluation of foreign currency-denominated loans to our consolidated subsidiaries at the exchange rate prevailing at the end of the quarter (as June 30, 2025).

2. Impact on financial results

The impact of the recording of non-operating expense (foreign exchange loss) on our financial results is reflected in the “Consolidated Financial Results for the First Quarter of the Fiscal Year Ending March 31, 2026 [Japanese GAAP]” announced today.
