Recording of Development Update Session for Mission 4 Series 3 Lunar Lander

On October 2, 2025, at the Japan Aerospace Exploration Agency Space Center in Tsukuba, Japan, ispace held a briefing for the press to explain the development progress of the Series 3 Lunar Lander (tentative name) to be used in Mission 4 and revealed its Structure and Thermal Model (“STM”) for the first time. A video summarizing this briefing is now available on our official YouTube channel.

Name	Development Update Session for Mission 4 Series 3 Lunar Lander (tentative name)
Contents	<ul style="list-style-type: none">• Message from Takeshi Hakamada, CEO & Founder• Message from Wataru Takahama, Space Industry Division Director at Ministry of Economy, Trade and Industry (METI)• Explanation by CTO Ryo Ujiie on the STM and the current development progress
